The Concierge Service

Another Channel for Radiology Consultations

Radiologic Associates of Fredericksburg's Concierge Service makes it easier for physicians to locate the appropriate radiology subspecialist to discuss studies and test results. Our concierge can connect you with a radiologist to answer medical questions. They can also help track the status of a patient's study.

An Addition, Not a Replacement

You can still reach us as you have in the past through the Picture Archive Communication System (PACS). You will also continue to receive calls about critical results directly from these facilities.

Accredited Locations

We provide radiology services to the highly accredited locations of Mary Washington Hospital, Stafford Hospital, Medical Imaging of Fredericksburg, Imaging Center for Women, Medical Imaging at Lee's Hill, Medical Imaging of North Stafford, Medical Imaging of King George and the Imaging Center for Women-North Stafford.

Qualified Radiology Expertise

Fellowship trained and board certified, our physicians ensure the highest-quality diagnostic medical imaging for Fredericksburg and the surrounding areas.
